

Guess My Number

Cut out the number cards and use as a classroom based version of the activity – one child selects a card from the pile and the other children have to guess the number. The child who has selected the card can only respond with 'Higher' or 'Lower' until the number has been guessed. Another child can be used as a scorer to record the number of attempts taken to guess the number.

Number Cards

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20
21	22	23	24	25
